Your Vehicle Sign - \$10 Deposit

Things to Keep in Mind

Clifton Blvd. will NOT be closed and regular traffic will be maintained. The mix of regular traffic and cruising convertibles will only add to the lively atmosphere of Clifton Blvd.

This is not a parade so throwing things from your vehicle is prohibited. Your vehicle must be road-worthy at all times and all traffic laws (including seat belts and child safety seats) must be observed.

Please note there are crosswalks that cross Clifton Blvd and pay extra attention for pedestrians during this event.

Your First Lap

We will gather at the Giant Eagle parking lot just before 5pm. A light blue Toyota Solara will lead our first cruise lap and then you are free to cruise, eat, cruise, shop as you wish.

Smile for the camera:

During the first few "laps" or so of the cruise a photographer will be snapping photos at the south side of Clifton Blvd, just west of W. 114th. (see map).

So as you head eastbound during your first lap notice the cones, pull over to the curb, give your best Candy Cane Cruise smile as he snaps your picture. Then CAREFULLY, pull away from the curb and re-join traffic.

During the Cruise

Show off your holiday spirit as you cruise the official cruise route! Turn up the festive music on your car stereos and wave to other participants as well as spectators enjoying the spectacle.

You do not have to Cruise the entire time! You are encouraged to pull over and visit the many unique merchants that line the areas. Be sure to take advantage of the many specials and attractions they are offering during the evening.

Be sure to visit the boutiques and eateries of Clifton Blvd!

Perhaps do a few laps before warming up with a hot beverage. A few more turns on the route and then enjoy some of the special displays or do a little Holiday shopping of your own. Make a point to check out the window display at Big Fun!

If you see a friend by all means take them along so they can experience the evening from your perspective! As long as all driving rules are followed you can enjoy the Cruise with friends and family. Feel free to drop off some passengers to shop along Clifton Blvd. or pull over if you see a friend and have them join you for a lap or two.

You can start and stop cruising as many times as you'd like

The event will take place regardless of the weather. If it's raining the obvious difference is that convertibles will likely have their tops up. However, the merchants will still be offering all their special attractions for the evening so the Holiday Spirit will still be enjoyed.

Check out the lights!

Can you find all ELEVEN lights along Clifton Blvd? If you need help they are identified at the bottom of this page.

Show off your ornament collection.

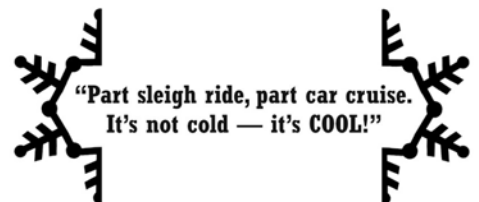

If you've cruised before you are invited to show-off your previous ornaments by hanging them from your rearview mirror and sun visors alongside your 2010 Candy Cane Cruise ornament.

A limited quantity of 2010 Candy Cane Cruise on Clifton Commemorative Ornaments will be available for \$5 at the registration table for purchase the night of the Cruise exclusively at the Registration Table.

After the Cruise

On your final pass on the Cruise Route please stop at the Registration Table at Papa Nick's to return your magnetic car sign and get your \$10 deposit returned. We'll hang on to it for until next year's cruise!

And remember, area eateries will open long after official Cruise hours so enjoy a great dinner on Clifton Boulevard!
